Annex I:	Overview of regular reporting obligations for companies	5
Annex II:	Overview of regular reporting obligations for bonds primary admitted to trading	14
Annex III:	Overview of Regulatory Reporting Obligations for Derivatives and Exchange Traded Products (ETP)	20
Annex IV:	Table - Supported electronic interfaces in accordance with clause 2.6 of the directive	27
Annex V:	Template Official Notice.....	29

1. Purpose and subject matter

- 1.1. This Directive governs the content, form and modalities of the fulfilment of the regular reporting obligations in the context of maintaining the admission of DLT securities on BX Digital AG (**BX Digital**).
- 1.2. The regular reporting obligations set out in this Directive apply in addition to any other reporting obligations of BX Digital (e.g. ad hoc announcements, disclosure of management transactions) or statutory reporting obligations.

2. Content and form of the report

- 2.1. The annexes set out the regular reporting obligations for the individual DLT securities categories, in particular their content, timing, form and the addressee(s) of the report
- 2.2. A report must contain the following information:
 - Reason for the report (i.e. a description of the reportable facts)
 - Name of the issuer
 - ISIN
 - Name of the person responsible for submitting the information (incl. telephone number and e-mail address for any queries)
 - Entry into force date of the reportable event
 - Date of the report or date of publication in the case of official notices
- 2.3. The reportable facts must be submitted in German, French, Italian or English.
- 2.4. In principle, the reportable facts must be sent to BX Digital by e-mail. The reportable facts must be sent to the e-mail address(es) specified in the annexes. Alternatively, BX Digital may provide an electronic interface (Connexor, dXXL, etc.) or an online form for the transmission of certain reportable facts.
- 2.5. If, in accordance with the information in the annexes, BX Digital alternatively permits or prescribes reporting by an electronic interface such as Connexor or dXXL or by an online form, the required syntax and content must be complied with.
- 2.6. If a reportable fact relating to bonds and/or conversion rights (Annex II) or derivatives (Annex III) must be published as a 'publication in accordance with conditions', the modalities of publication are based on the conditions published in the respective prospectus in accordance with FinSA. Issuers shall ensure compliance with the conditions.

3. Official Notice

- 3.1. An Official Notice (**ON**) must be published for certain reportable facts. The annexes specify which reportable facts require an ON.
- 3.2. The purpose of the ON is to draw the public's attention to changes in the circumstances of the issuer or the DLT securities concerned.
- 3.3. The ON must contain the mandatory information for the relevant reportable facts in accordance with clause 2.2 and the annexes (see also annex V: ON template).
- 3.4. The issuer must submit the ON to BX Digital as an unprotected text document without formatting. The text document may contain a reference to an additional document, which must also be sent to BX Digital.
- 3.5. Clause 2.4 must be observed for the form of transmission.
- 3.6. The respective deadlines set out in the annexes must be observed.
- 3.7. BX Digital shall publish the ON on its website or by other electronic media that BX Digital deems appropriate.

4. Corrections to content

- 4.1. If the issuer discovers an error in the content after submitting the reportable facts, it shall immediately inform BX Digital of this fact and send BX Digital the corrected version of the report and, if applicable, the ON by the channels provided for this purpose in the annexes.
- 4.2. In the case of an ON that has already been published, the corrected ON must prominently state at the beginning that it is a correction of a previously published ON, as well as the content that has been adjusted and when the incorrect message was published.

5. Confidentiality

Facts subject to mandatory reporting that are still to be treated confidentially at the time of transmission to BX Digital or whose publication is to be postponed must be clearly and unambiguously labelled accordingly in the report ('Confidential'/'Publication only after consultation' or similar). In this case, the date and time from which the temporarily confidential information can be disclosed to the market must be stated. Otherwise, BX Digital cannot guarantee that the report will be treated confidentially.

6. Responsibility

- 6.1. The issuer is responsible for the timely and correct fulfilment of the reporting obligations. However, the issuer is free to have the reports submitted by third parties.
- 6.2. BX Digital assumes no responsibility for the accuracy of the issuer's notifications.

7. Final provisions

This Directive was issued by the Admission Board and enters into force on 1 April 2025.

8. Annex

Annex I: Overview of regular reporting obligations for companies
